- First Time FS AG's:** This chart shows the number of first-time FS assistance groups over the last 2 years. Only AG's that have never received FS in Wisconsin before the month shown, appear in this chart. For November 2003, 3,131 FS AG's received FS for the first time. This is a drop from last month but consistently occurs every November.

- Age Distribution:** The chart below shows the number of FS recipients by age, in ranges of 5 years. Children age 4 and under has the largest number for any five year grouping making up 19% of recipients. 50% of the recipients are 15 and younger.

- **Elderly/Disabled:** 16.5% of FS recipients are either elderly, blind, or disabled. 40.3% of AG's contain at least one individual that is either elderly, blind, or disabled.
- **Work/Earnings:** 33.7% of the G's have at least one person working. The average monthly earned income of those G's' is \$1054,<sup>4</sup> a \$5 increase from last month. 33.8% of adult FS recipients are employed, slightly less than last month. Currently, the seasonally adjusted unemployment rate in Wisconsin is 5.0%, down 4 tenths from last month.<sup>5</sup>

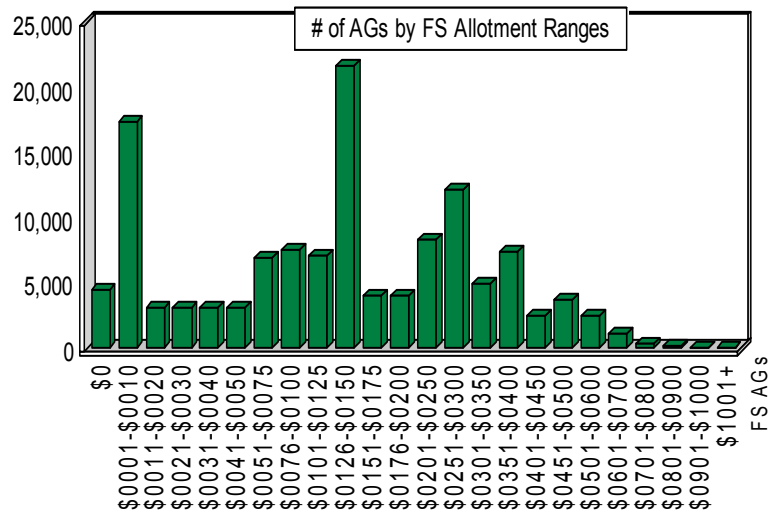

- **Working Families:** A "working family" is defined as a FS AG that contains at least one minor, at least one parent of a minor, and at least one employed recipient. This is an attempt to explore those FS recipients that have children and are working. Working families make up 28.6% of the statewide FS g's, average 3.7 persons per AG, and average \$1,150 in earned income per month. Other stats are available below.
